

## Leistungstabelle Performance Table Type S6101

Diese Tabelle basiert auf der Norm AD2000 / ISO4126-1 Maximale Daten zur Medienfreigabe bei Überdruck des Sicherheitsventils um 10%

Abgabereinheit: Druckluft Nm<sup>3</sup>/h; Wasserdampf kg/h; Wasser m<sup>3</sup>/h

This table is based on the AD2000 / ISO4126-1 standard. Maximum media release data at 10% overpressure of the safety valve.

Dispensing unit: Compressed air Nm<sup>3</sup>/h; Steam kg/h; Water m<sup>3</sup>/h

Druckeinheit: bar / Pressure unit: bar

Nennweite Nominal size	DN15			DN25			DN40
